On behalf of the Board Directors, we congratulate your group on having been selected to participate in the 2013 Dixie Classic Festivals. Dixie Classic, formed in 1984, is an educational professional organization for instrumental and choral music groups. Our focus is directed to help students discover their creative strengths, individual talents, abilities and foster a real sense of accomplishment. Such participation provides an understanding and appreciation for musical experiences that may be encountered as students further their educational or professional careers.

We maintain that music is for everyone and through participation at our festivals, every student is given the opportunity to achieve, receive encouragement to reach higher, and be recognized for their accomplishments.

We extend our best wishes to each of you, and hope you find your participation in the Dixie Classic to be a most enjoyable and memorable experience.
